

Experience and Background

- Attended public schools in Oklahoma, Kansas, Texas, and Washington state.
- Graduated from Lincoln High School, Seattle, Washington.
- Graduated from the U.S.A.F. Academy, Colorado Springs.
- Graduated from the School of Law, University of Maryland.
- Served 5 years as a U.S.A.F. pilot including one year of combat in Southeast Asia.
- Member of the Maryland state bar.
- Early participant (1976) in the “microcomputer revolution.”
- Taught Computer Science at Anne Arundel Community College.
- Active participant in the River Hill Boosters Club.
- Experienced attorney in the Open Meetings Act and education law.
- Blacksmith
- Both children attended and graduated from Howard County public schools.

For more information about Allen Dyer's positions on issues, please refer to the Dyer for Board of Education web page:

www.lawlab.com/campaign/

As a Board member I will approach my responsibilities based on three principles:

1. Respect the law
2. Respect people
3. Fiscal accountability

Concerns about Teen Passenger and Driver Safety

Much of the time that I volunteered through the River Hill Boosters Club was directed toward teen passenger and driver safety. I am deeply concerned about the high toll car crashes are taking on our young people. As we go about selecting the next members of the Board of Education, please discuss with your friends, neighbors, and children what you think the role of the public school system is in educating and alerting our teens to the risks inherent in operating motor vehicles.

I have devoted many hours to researching what other communities have done and the results of that research are posted on the web at:

www.riverhill.org/driving/project/

Together we can help our teens acquire the facts about driving risks and develop the judgment of what constitutes acceptable risk.

Please don't hesitate to share your comments in this area with me. Allen Dyer

As a school board member, I would draw on my background and training to make sure Howard County Public Schools remains the number 1 school system in Maryland and I would champion:

- Increased emphasis on eliminating the achievement gap.
- More skills training for all students.
- Implementation of a teen passenger and driver safety coalition.
- Strict accountability to the public for every tax dollar spent by the Board.

Allen Dyer, Candidate**

Rev. Sep. 26, 2006

**As a former Air Force pilot,
parent, blacksmith,
experienced attorney,
and computer consultant**

Allen Dyer

will champion —

**Better Skills Training,
Teen Driving Safety, &
Open Government**

as

**Your Independent Voice
on the Board of Education**

Political campaigns are a group effort. I want to thank all of you that have made contributions to this campaign either in time or money. And I want to welcome the participation of all who share my goals. More volunteers are needed to post yard signs and pass out literature at the polls, and additional financial contributions would allow the use of the media to get the message out to all.
